- 3. Since the engine compartments of the fishing cutters are constantly being modified, it appears that the management does not know what tyre of engines they are to receive.
- 4. Activity has increased in the Neptunwer't area in the last few ronths.
 Although the payroll has reached 5,250, there is still a shortage of materials. There are 800 to 1,000 tons of Urper Silesian hard coal in stock.
- ** Comment: It is believed that the ex-German destroyers 'Z.4' and 50X1-HUM
 'Z.8' are also in the Neptumberft.

 ** Comment: This liner is possibly the "Borussia". 50X1-HUM
